

## Computing

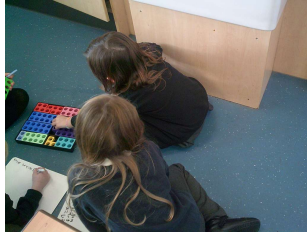

We have been learning how to log in to our laptops and create a PowerPoint on google slides about what we have learnt in our History lessons.

“I loved learning about doubling.”

## Maths

We have been looking at place value to 20, number bonds, doubles, fact families and part whole models to help us with our addition and subtraction.

## Our Great Britain

## English

“I loved bringing my teddies into school!”

## Big Question: Why is Britain great?

“I enjoyed learning about the different parts of animals.”

## Year 1 & 2

We have been looking at the book ‘Old Bear’. We have written our own narrative changing the characters and plans to reach the attic. We have also written a letter, imagining our toys are stuck in the attic and need rescuing. On Teddy Tuesday, we also read stories to our teddies.

## Science

We have been exploring animal's needs for survival. The children have learnt about the different groups of animals: mammals, reptiles, amphibians and fish.
