

## Computing

The children learnt how to find reliable information online before researching different information for their DT Tea Party about where the food in their chosen recipes comes from.

## Science

We have planted bean seeds and watched them grow in different conditions – without light, without water and with lots of water, comparing how it has affected the plants.

## DT

The children enjoyed creating their food for the Mad Hatter's Tea Party. They learnt how to cut, spread, mix and grate.

## Food and Farming

**Big Question: Where does our food come from?**

## Year 3

## Maths

The children went outside to learn about fractions and used chalk and sticks to help them.
