

SEND Information Report – 2023

Vision Statement:

We believe in developing a child intellectually, creatively, emotionally, physically, spiritually, culturally and morally.

This will take place in the caring and supportive environment of a school that aspires to be outstanding and that is proud to be at the heart of the local and wider community, raising standards of attainment for all pupils.

We want our children to be confident, happy and healthy individuals, successful learners and responsible citizens to ensure that no child is treated less favourably than others.

What is SEN?

The special educational needs code of practice (2015) says that:

“A pupil has SEN where their learning difficulty or disability calls for special educational provision, namely provision different from or additional to that normally available to pupils of the same age”.

This means that a pupil may need:

- Special resources to help them in the classroom.
- To be part of a small group with an adult to help them with their work, their social skills or their emotional well being.
- To work with someone specially trained to help them in the area that they need. (Usually someone from outside school).
- Have an IEP (individual education plan) which will contain a simple summary of what is important to the child and how they would like to be supported. This will be shared with parents to set targets and review regularly.

Learning Knows No Bounds

There are four areas where a pupil may have a difficulty that means they are considered to have SEN.

They are:

- **Communication and interaction** – this includes speech and language and social communication difficulties which includes Autism.

- **Cognition and learning** – this is where a pupil is learning at a slower pace than others in their year group.

- **Social, emotional and mental health** – this includes pupils with challenging behaviour, anxiety, ADD (attention deficit disorder), ADHD (attention, deficit, hyperactivity disorder) or attachment disorder.

- **Sensory and/or physical needs** – this includes hearing difficulties, visual difficulties, mobility difficulties and sensory processing difficulties.

A pupil may have difficulty in one area or, more than one area.

Who is responsible for the pupils with SEN?

Ms Natasha Jackson is our school Inclusion Coordinator (INCO) and can be contacted through the school office.

Mr Darren Hocking is the schools Play leader and Pastoral Support Worker. He works with pupils under the direction of the INCO.

How will the school know my child needs special educational provision?

 - They meet termly to look at the progress all pupils are making and identify any who are not making progress or who have made slow progress, so that they can support them.
 - They will review support and interventions regularly to make sure progress is being made.
 - Some pupils will have an IEP which will be shared with parents, reviewed and renewed regularly.
