

Year 6 Summer Term I

As you know, year 6 have been working incredible hard towards their SATs week this term. They have been an absolute credit to the school and themselves and their hard work and dedication will no doubt pay off. SATs week was a success and the children enjoyed their bacon sandwiches and plenty of chill time, ending the week with a well-deserved after SATs party celebration. Since then, the children have moved their focus onto writing and are again, working hard to produce some fantastic pieces of writing, demonstrating their knowledge of the year 6 skills. The year 4's have also been visiting the year 6 classrooms every day to practice their times tables with us. This has been lovely to see and the year 6's have flourished, taking ownership of their learning and supporting others. Overall, what a wonderful summer term and beautiful weather that has come with it!
