

We have been enjoying reading 'Little Red' by Bethan Woollvin. We wrote some simple sentences about our main character Red rescuing her Grandma from the wolf. We also made a set of instructions on how to trap a wolf. We thought really hard about what we would need to trap the big bad wolf. We enjoyed role playing as the different characters from Little Red and using this to support our remembering the story.

We really enjoyed our P.E lessons where we have been thinking about how to travel around a room. We have been travelling in different ways and at different speeds.

We have all been very busy in RWI doing some excellent blending and reading. We are all doing so well with our reading and all of us are now starting to blend a variety of words!

Reception 'Things that Grow'

Spring 2 Term Summary

As a part of science week we did 3 different science activities!

We thought all about the butterfly life cycle and created some paper chain caterpillars.

We thought about different animals in the ocean and participated in some ocean yoga.

We then went on a dandelion hunt across the school grounds using our magnifying glasses to look at their different parts.

In our PSED lessons we met Leo the lion who had fallen out with his friend! We all worked together as a team to figure out how Leo could apologise to his friend and we made crowns to celebrate.

We have been very busy in maths:

- Learning the composition of numbers 6-10.
- Learning numbers bonds to 5.
- Counting accurately from 1-10.
- Name and recognise 2D shapes.

We have been very busy growing lots of different fruits and vegetables this term!

We created our own mini gardens, grew our own cress and sunflowers as well as planting radishes, carrots, lettuce and onions in our garden. Our vegetables aren't ready to be harvested yet but we can't wait to eat them!

We have been working hard on our social skills by enjoying our outdoor provision with the nursery! We have been supporting them when learning to share, take turns and play together. We have been great role models!
